Slightly behind in other benchmarks compared to rest of country but as an ongoing project they are improving. BM7 is the weakest nationally. Priority for CloS is to work on BM3 and BM7. • Evaluation is key and using national evidence to assist with that. • Building on foundations of work already being achieved in area. • Using national models to look at where gaps are in higher level strategy. Scope now to move that strategy forward to help improve benchmark scores. • Using “virtual” encounters and more digital innovation. • Utilising Careers Leaders in Schools and Colleges more. These are the senior representatives undertaking strategy activity with 25 training bursaries awarded to CloS. • Over the last 5 years organisations within CloS have been awarded CEC investment. • Working with young people on a Future Skills Survey, looking at awareness, understanding and motivation. • CEC programme running to 2020. Discussions at the Comprehensive Spending Review in Autumn 2019 will determine future but feedback from DfE is positive. Careers Hubs across the country have been identified as a success and are likely to continue. • Careers Hub will maintain links with the Local Industrial Strategy (LIS) and Advisory Panels. • CEC are building direct relationships with educational establishments to complement the existing links with LEPS. • CEC ask of ESB:

One of first areas to appoint a SEND Enterprise Coordinator but to note it's not the role of the Careers Hub to work with NEETs. However from September 2019 onwards the Hub will have access to a system that can evaluate activity and provision. ● Meeting of Cornwall Association of Secondary Headteachers (CASH) next week will have a presentation on Career Hubs and how approaches can be linked up across both colleges to improve benchmarks and highlight the important of Careers Leaders. ● The importance of working and engaging with parents to provide better support to young people. ● Careers Passport. DfE backed out of this proposal due to funding issues, but have given institutions more flexibility to provide information. ● Wider providers on 16-19 provision. DfE have only given CEC remit to work with schools and colleges not private providers. ● Strong appetite and commitment to take Virtual Wallets forward. 12 organisations were shortlisted as delivery partners for the virtual wallet including: Adviza, Cornwall Marine Network, CSW Group, Cornwall Education Business Partnership, Future First, GES, Get in Cornwall (NHS), RIO, Software Cornwall, Stride Learning, Volunteer it Yourself, Young Enterprise. ● Careers Hub Steering Group will now have further conversations on what Careers Hub looks like post 2020 and look to rewrite strategy.
