CORNWALL BRANDING
(Agenda No. 2)

LEP130 Stephanie Drakes from Social and Local CIC and Kirsty Miles from Cornwall Development Company attended the meeting to provide the Board with a presentation on Cornwall Branding. With the aid of a power-point presentation, attention was drawn to the challenge of developing a compelling economic proposition for Cornwall, the process undertaken including details of research and consultation, the three initial directional routes, purpose of the Brand Key, the details and background to the final Brand Key, activation ideas and the future going forward.

In the ensuing discussion, arising from the presentation, the Board made reference to the following points:-

i. It was important to note that the Cornwall Branding exercise was not about creating a ‘logo’, the purpose was to create a brand narrative for Cornwall;

ii. The intention was to use the brand narrative as part of the communications exercise in the Autumn. Reference was made to a potential joint creative project involving the Tate, Eden and Hall for Cornwall;

iii. It was commented that there were diverse messages about Cornwall and that there was a demand for a brand narrative to push the message that Cornwall was a competitive environment for economy and business;

iv. The Board referred to the essence of the final brand key and expressed the need to be clear on what it meant for Cornwall;

v. It was commented that it was not clear who the Cornwall branding was aimed at, there was a need to ensure who the key people were;

vi. It was considered that the Cornwall Branding would need to be in tune with the direction of the Cornwall Council Strategy;

vii. It was important to maintain an element of simplicity, there was a need to be realistic and to avoid a disconnection with businesses;

viii. There was a need to strengthen the wording in relation to the ‘reasons to believe’ element of the Brand Key;

ix. It was important to recognise the successful family businesses in Cornwall;

x. It was emphasised that the Cornwall Branding exercise was not a communications strategy;

xi. It was commented that the work that had been undertaken was very positive, it was however questioned how the exercise would translate into reality and how it could be made clear and coherent for Cornwall;

xii. Reference was made to the need to ensure that the factual details were correct.

The Board thanked Stephanie Drakes and Kirsty Miles for the presentation and confirmed that they were satisfied with the principle of the Cornwall Branding as proposed subject to a couple of suggested amendments to the Final Brand Key to strengthen the reasons to believe and to be clear on the essence taking on board the comments made by the Board as detailed above.

The Board was advised that any comments in addition to those above could be forwarded to Mel Richardson.

With the aid of a power-point presentation attention was drawn to the role of the Growth Acceleration and Investment Network (GAIN) as a mechanism for driving business growth through partnership, the key activities that were identified to improve

   vi. GAIN was a loose collective of partners with a common aim, the Growth Hub co-ordinated elements being delivered by the GAIN model;
   vii. The Strategy was managed by a Steering Group;
   viii. Plymouth University was contracted to deliver the call centre element of the Business Engagement Service and Digital Exchange;
   ix. There was evidence that the best form of learning was Peer to Peer;
   x. The level of engagement to date was good;
   xi. It was acknowledged that there were business opportunities for partners;
   xii. The majority of funding had been provided by the Regional Growth Fund, through the City Deal partnership managed by Plymouth City Council, the funding was available to March 2015, the Digital Exchange was funded by commitments to the University;

At the conclusion of the presentation, the Board debated the principle of the Growth Hub and GAIN. It was commented that Growth Hubs were at an early stage and that it would be necessary at some point to tender for a Growth Hub for Cornwall and the Isles of Scilly as part of the EU Investment Programme.

BUSINESS ENGAGEMENT AND COMMUNICATION
(Agenda No. 8)
The Board considered a report prepared by Sandra Rothwell, regarding the LEP engagement and communications. The report provided an overview of how the LEP had engaged and communicated to date with a suggested approach to enhancing its activities, with both the public and private sectors, the report set out the issues faced by the LEP, background to the engagement activity to date and included the previously agreed Communication Plan for the LEP.

In discussion arising from the above, the following points were raised:-

1. The potential for increasing the scope of the Sub Groups in particular the Employment and Skills Board;
2. The need to identify separate plans for businesses and stakeholders; it had been indicated that the LEP was good at engaging stakeholders; however, the engagement with businesses could be improved;
3. It was commented that Cornwall and Isles of Scilly LEP had a good profile and that engagement with stakeholders was essential to push growth. There was a need to ask what needs to be done to achieve that growth. It was suggested that new approaches to communication could be pursued i.e. use of social media, broaden the Strategy;
4. It was important for the LEP to be flexible;
5. It was commented that there was a need to recognise that some businesses did not want LEP involvement;
6. Future Growth Hub services in Cornwall and the Isles of Scilly would enable businesses to choose whether to engage with the LEP;
7. It was important that businesses across Cornwall and Isles of Scilly were aware of the LEP, whilst acknowledging that some may not want to engage, however, engagement or the development of relationships should be encouraged;
8. Even though it was considered that there was a gap between the LEP and those undertaking work at the ‘coalface’ there was huge potential for reducing the gap, this could be achieved through the engagement of lawyers/banks who dealt with businesses face to face, perhaps a day’s seminar;
9. Roadshows and the use of Growth Hub services could increase business engagement opportunities.

**Action 5: In view of the points raised in discussion it was suggested that the responses to the detail around the LEP’s engagement and communications plan be co-ordinated through an online questionnaire with the summary of these responses to be taken to the September LEP Board for further discussion.**

Deborah Clark Associates (DCA) PR Services Contract

The Board considered the appointment of a company to provide PR Services to the LEP as the current contract with Deborah Clark Associates (DCA) could be terminated on 31 July 2014. The three year contract has annual break clauses.

The Board recognised the work undertaken by DCA during 2013/14 and the benefits a PR Service had brought to the LEP. It was considered that it would be appropriate to revise the PR brief as the LEP moved forward.
**Action 6: Deborah Clark Associates (DCA) be confirmed for a further year of their contract to provide the LEP with PR Services commencing 1 August 2014 subject to the brief being revised.**

**ANY OTHER BUSINESS**
(Agenda No. 9)

LEP138 1. Department of Communities and Local Government (DCLG)

Sandra Rothwell advised that she had received an urgent communication from DCLG regarding the allocation of funds to the Thematic Objectives, in particular reference was made to Thematic Objective 7 and the need to give consideration to increasing the amount provided to Thematic Objective 7 in the sum of £7 million, this would, however, require the sum of £7 million to be taken from another Thematic Objective.

It was acknowledged that the figures would be subject to change as the programme progressed and that there should be a degree of flexibility in the allocation of funds. Concern was expressed regarding the need to make this change at short notice and that if it was necessary every effort should be made to ensure that reallocation of funds was taken from the larger pot of funding. The Board was informed that the deadline for making the decision was the following day.

**Action 7: Sandra Rothwell to action the request to reallocate the £7 million, however, the reallocation of the funding from the Thematic Objective 3 should be avoided.**

2. Appointments Committee

The Board considered a report, circulated at the meeting, regarding the appointment of an Appointments Committee. In accordance with the LEP Articles (item 17.5) for the purposes of appointing any Director, the Directors should appoint a committee from their number and such committee shall be known as the ‘Appointments Committee’.

**Action 8: the LEP appoints an ‘Appointments Committee’ in accordance with the LEP Articles (item 17.5) comprising the Chair of the LEP, Vice Chair of the LEP, Chief Executive of the LEP and a Council Board director (to be nominated by John Pollard) with one other private sector Board director (suggested Gavin Poole as the Board director with a legal background).**

3. Future Meeting Dates

Mel Richardson advised the Board that a schedule of future meeting dates would be circulated on the same basis as last year.

The Board was informed that Cornwall College had indicated that they would be willing to host a LEP Board meeting.

**DATE OF NEXT MEETING**
It was noted that the next Board meeting was scheduled to take place on 24 September, 2014 in the Isles of Scilly. The Board was informed that it was intended to incorporate an 'Away Day' and to meet with Businesses during the visit to the Isles of Scilly and therefore it would be necessary to spread the visit over two days if possible. The exact details and logistics would be investigated and Board members advised accordingly.

The next Management Team meeting was scheduled to take place on 6 August, 2014.

The meeting ended at 3.00 pm.

[The agenda and reports relating to the items referred to above are attached to the signed copy of the Minutes].
