	<p>officer rather than the Council.</p> <ul style="list-style-type: none"> - Need to make clear the Voting Members are the organisations not the individuals representing the organisations. - Quorum should be three members but the LEP must be in attendance. - Board asked to provide comments and changes to IM who is to recirculate the amended version to the board in time for the next meeting along with MOU between CC, LEP and government <p>b) Operational Board (15 May 2018)</p> <ul style="list-style-type: none"> - This item was covered in section 5. <p>c) Space Board</p> <ul style="list-style-type: none"> - Suggested that the Space Board and Space Advisory Group to merge into one board with Spaceport reported as an item on the agenda. New chair would be required with GP stepping down. 	IM
5.	<p>Rate Relief and EZ Growth Fund</p> <p>a) EZ Growth Fund Applications</p> <ul style="list-style-type: none"> - No applications were received by the board in time for this meeting. A subsequent application has however been received from a company wishing to take a short lease of HAS7 on the Aerohub to support rocket testing. Application to be circulated for approval by written procedure to the EZ Board members. <p>b) Rate Relief Renewals</p> <ul style="list-style-type: none"> - Delays in processing these due to section 151 officer changes at CC. IM meeting with CC finance on 8 June to bring them up to speed. - Agreed that the renewals to be circulated by written procedure for approval by the EZ Board. <p>c) Rate Relief Approvals</p> <p>No new applications</p> <p>d) EZ Growth Fund</p> <ul style="list-style-type: none"> - £905,000 in the pot. - £45,000 committed. - £860,000 available. 	IM IM
6.	<p>Investment Pipeline and Marketing Strategy</p> <p>a) Review of EZ Marketing Offer</p> <ul style="list-style-type: none"> - CDC and CC undertook a review of the EZ Offer and compared this to other EZs. The conclusion of this review is that there is nothing fundamentally wrong with the EZ marketing offer. - However, there will be an ongoing need to refresh 	

	<p>the EZ content and to ensure that this captures everything on offer from Skills Hub, CC Investment Programme, local and national support.</p> <ul style="list-style-type: none"> - CDC are going to update the content on the asset websites, Invest in Cornwall as well as individual project websites. - CDC also going to run a series of product and project awareness days for CDC staff working on complementary programmes to bring them up to speed on the Enterprise Zones. - There is a steady stream of enquiries; the key to the success of the EZ is to convert this interest into built development. <p>b) Investment Pipeline</p> <ul style="list-style-type: none"> - Moving away from a development strategy on the Aerohub Business Park based upon site disposal to one based upon CC led workspace development would address a significant obstacle to securing growth and investment. - The board received an update on the organisation and presence at Farnborough Air Show. Dialogue and refreshed material used for recent events such as MIPIM to be used at Farnborough Air Show. MIPIM offer documentation to be circulated to the EZ Board. - MK to visit GES to discuss the marketing refresh with Goonhilly. - A successor Invest in Cornwall project would aim to provide support for wider attendance at sector specific events. EOI for Invest in Cornwall successor to be circulated to the EZ Board. - Justification and plan for Farnborough air show to be circulated to the EZ Board as well as the post show evaluation when completed. - The pipeline of inward investment enquiries, whilst strong, shows that the majority of enquiries are from relatively small companies. The bulk of growth on EZ is likely to come from supporting indigenous companies to grow and the work undertake by CDC has identified significant demand for new workspace to support growth from existing Cornish businesses. - Around 20% of leads are sourced by Invest in Cornwall with 80% contacting invest in Cornwall. - Particular future focus on who isn't on the pipeline and who should be on the pipeline. - Post show evaluation for Colorado Space Event to be circulated to the EZ Board. 	<p>MK</p> <p>MK</p> <p>MC</p> <p>MC</p>
